

RIGA

A highly engineered & designed glass wall system to simplify installation, ordering, and streamline delivery

- Product Features**
- Single aluminum extrusion to create the frame
 - Minimal parts
 - Adaptable to any site condition
 - Center-loaded single glazed system
 - Short lead time, ready-to-ship
 - Door types: pivot or sliding, framed or frameless glass, or solid wood
 - Optional applied mullions
 - Optional door wall starter

- Dimensions**
- Frame width 1- $\frac{1}{2}$ "
 - Frame depth 2- $\frac{3}{8}$ "
 - Frame height max 10'-0"
 - Glass thickness $\frac{3}{8}$ " or $\frac{1}{2}$ "
 - Installation tolerance +/- $\frac{5}{8}$ "
 - No floor leveling required

- Finishes** Black or grey powder-coated aluminum

- Standard Joints** Polycarbonate extrusions

- Construction** Architectural grade aluminum alloys

- Accessibility** ADA compliant door clearances, surfaces, and hardware

- Acoustics**
- All profiles come with acoustic gaskets
 - Sound transmission class varies per glass type
 - Single glazed STC 36-41

- Sustainability** We care about the environment, and our products are designed and engineered to minimize impact and maximize performance. To learn more, contact your Strategic Solutions Manager.
